

Bring Your Book to Life with the Surrogate Press Publishing Services Special ART BOOK Package

You publish your own book, you own the rights, and receive all the profits.

**Publishing Package: One-time charge starting at \$1250.
Price includes book design and self-publishing consulting services.**

Layout and Design Services Included in Package:

- Size and style consultation, based on the theme and content of the book.
- Design and layout of the entire book in print format. This includes the title page, copyright page, end sheets, and cover using provided art or illustrations.
- Color enhancement, file prep, and placement of your art. Price includes up to 25 images, additional images at \$10 each.
- Two hours of author-requested revisions after initial proof submission. Extra time for revisions is available for an additional fee.
- A print-ready version of your book set to your printer's specifications.
- Price includes cover design using provided artwork set to printer's specifications.
- Text editing services available.

Publishing Support Services:

Surrogate Press will provide consultation and assistance to the Artist/Publisher in the following services:

- Assistance with setting up your own publishing company, typically under your existing art business.
- Coordination with printer including estimates, account creation, file uploads, and proofing. We have printers to recommend or can work with someone you already know. Client covers ALL printing and distribution costs.
- ISBN (required for all books) account set up, assignment, and barcode purchase. Client covers all costs.
- Assistance with Library of Congress account set up and book registration.
- A "Guide for What's Next" for information on marketing, sales, and distribution.

What you get:

- Your art in a book format to sell at events, online, or other outlets.
- You hold all the rights to your book and related materials through your own publishing company.
